

# SILVER STATE VOLLEYBALL **SPRING TEAMS**

## AN INTRODUCTION TO CLUB VOLLEYBALL

The perfect introduction to club volleyball without the extensive traveling and financial commitment. These teams will begin practice in early March and finish at the end of May.

The highly experienced coaching staff at Silver State Volleyball is dedicated to the fundamentals and exposing the athlete to a competitive atmosphere. The Spring Teams were developed for the player or parent whose schedule is too demanding or the cost of playing year round too expensive.

The Carson Facility will host Team White while Reno will host Team Purple. The teams will practice 3 times a week and participate in 2 tournaments. The first will be a scrimmage within the club, and the second will be the “grand-daddy” of them all, The Bay View Classic, hosted in San Mateo, California.

All information can be found on the website under camps or clinics
